January 2012

Thanks For Supporting YMCA Strong Kids in 2011!

We are responsible to our donors and genuinely grateful for their support. Their generous gifts to our 2011 annual YMCA Strong Kids Campaign have positively impacted and helped many children, youth and families in our community.

Here are some examples of what we accomplished as a result of the many generous gifts we received last year!

In 2011:

- We provided 891 meals to youth who needed food;
- We supplied 72 personal hygiene kits to youth who did not have the resources;
- We taught swimming to more than 300 children, who could not afford to learn;
- 53 families were able to join the Y, knowing the burden of finances had been lifted;
- 73 children went to summer camp because of your gifts;
- 400 youth had a safe, neutral place to go for support, counseling, leadership development, food and clean fun;
- More than 900 people requested financial support to participate at our Y

As we begin a new year, we are thankful for many things but especially for the support of everyone that enabled us to fulfill our mission to provide for others in spirit, mind and body.

Your belief in the work of the YMCA renews our spirit of building healthier, stronger communities.

Thank you and all the very best in 2012!

Proud Supporter of
YMCA Strong Kids
